Adding Information to Your Profile

1. On the **Profile** page, tab to **Edit Profile**. Then press the **spacebar** to select it.
2. **Tab** a few times until you reach the **Add Customize Your Intro** button. Press the **spacebar** to select it.
3. **Tab** to the **Add a Workplace Link** and press **Enter** to open the link. Tab through the different options:
 - Work and Education
 - Education
 - Places Lived
 - Contact and Basic Info
 - Family and Relationships
 - Details About You
 - Life Events

4. Return to **Work and Education** and press the **spacebar** to select the **Add a Workplace** button.
5. Press **Tab** to move to the **Company** edit field.
6. Type the name of the company you work for.
7. Press **Tab** to move to the **Position** edit field and enter the title of your position.
8. **Tab** to the next field, **City/Town** and enter those details.
9. **Tab** through the remaining fields and enter the information you want to share.
10. When you're done, **Tab** until you reach the **Save** button.
11. Press the **spacebar** to save your information and return to your **Profile**.
